### WHO AM I

I am 23 year old and student at Howest. I am studios and like a challenge. I don't like giving up. If I start something I go all the way. In the past projects we started from scratch and build up the website step by step like you would do for the client. Because of making mistakes my knowledge for it became to grow. There is a long way to go..., but hell yeah I'm ready for it!
